

Antioxidant Support

Balanced Body and Mind

Cognitive Enhancement

Free Radical Scavengers

**Immune System
Modulators**

Inflammation Regulators

Prevention & Recovery

Neuronal Health

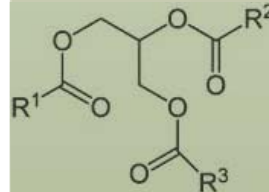

Neuromuscular Harmony

The unique patented formulas behind Algonot's family of nutraceuticals are predicated on research under the guidance of an expert scientific Advisory Board.

All of our formulations contain natural unprocessed Olive Kernel Extract.

Meeting our customer's needs for purity, safety and label honesty is our priority. Laboratory testing certifies and assures that our ingredients are pure, safe and in proper

Information about the Pure Ingredients in Our Formulas

Supported by numerous publications

Berberine - Supports Brain Health, Cognitive Function and Healthy Immune Function - helps prevent oxidation damage to biomolecules in the brain, inhibits enzymes which breakdown important memory molecules, reduces peptides that interfere with proper memory function and lowers lipids that interfere with cerebral blood flow. It may also support removal of “bio- film” allowing microorganisms to resist antibiotics. **BrainGain[®]**

Biotin – Also known as vitamin H, is a B-complex vitamin, which is important in support of cell growth and proper metabolism of essential fatty acids. **It supports healthy function of brain neurons.** It also supports healthy gastrointestinal function and may promote a healthy gut flora, shown to improve brain function. **BrainGain[®]**

Carnitine – Promotes **energy production, lessens fatigue and improves mental health.** **FibroProtek[®]**

Coenzyme Q10 - **Helps convert food to energy and maybe important to cognitive and nervous system health.** It is an antioxidant and supports in the reduction of fatigue. **FibroProtek[®]**

Chondroitin Sulfate - A naturally occurring complex carbohydrate that the body produces as the main component of cartilage and mucosa. It forms the connective tissue that holds muscles, nerves and blood vessels together. **It is a major component of the protective glycosaminoglycan (GAG) layer of the bladder and of the prostate capsule.** **AlgonotPlus[®], ArthroSoft[®], CystoProtek[®], ProstaProtek[®]**

Folinic Acid – **It is known to support cognitive function as well as the production of new brain cells.** **BrainGain[®]**

Glucosamine Sulfate - A naturally occurring amino sugar produced by the body. **It is a building block of joint cartilage, as well as bladder, prostate and GI protective glycosaminoglycan (GAG) layers.** It also has anti-inflammatory properties. **Algonot Plus[®], ArthroSoft[®], CystoProtek[®], ProstaProtek[®]**

Hydroxytyrosol - **It is believed to be the most powerful antioxidant.** Considerable evidence shows it promotes cognitive function and memory. **BrainGain[®]**

Luteolin (Pureolin[®]) – A naturally occurring molecule known as flavonoid. **It is an antioxidant that reduces free radicals. It also promotes inhibition of mast cell and microglial activation, which is involved in brain inflammation.** **BrainGain[®], FibroProtek[®], NeuroProtek[®], NeuroProtek LP[®]**

Olive Kernel Extract - It is the natural, unprocessed, low-acidic extract of the olive fruit. This unsaturated oil, richer in antioxidants, promotes healthier brain and cardiac function. It also substantially increases the absorbability of all ingredients in the Algonot Family of Nutraceuticals. **Our complete line of nutraceuticals**

Quercetin – It is a naturally occurring flavonoid. It supports **the body in inhibiting the release inflammatory molecules (IL-6 & TNF), blocks oxidative stress and mast cell activation.** Use of the combination of Quercetin and Luteolin provide greater benefit. **Algonot Plus[®], ArthroSoft[®], CystoProtek[®], FibroProtek[®], NeuroProtek[®], NeuroProtek LP[®]**

Rutin – It is the natural glycoside of Quercetin. **It helps to liberate Quercetin in the intestine allowing the promotion of benefit in the gut.** **CystoProtek[®], NeuroProtek[®], NeuroProtek LP[®]**

Selenium - **It supports normal development and protection of brain cells.** **BrainGain[®]**

Sodium Hyaluronate - It is a natural complex sugar of the glycosaminoglycan family. Like Chondroitin Sulfate it is a **main component of the protective tissues in the bladder, joints and prostate.** **CystoProtek[®], ProstaProtek[®]**

White Willow Extract – **It can help the body ease discomfort, lessen fatigue and improve mental health.** **FibroProtek[®]**

The Algonot Family of Nutraceuticals are intended for individuals with unique dietary requirements and sensitivities. The greatest consideration is taken in the selection and exclusion of ingredients in our formulations for the benefit of our customers.
